

-2025 Season-

## OUR STORY

Coming from a long line of carpenters, I was destined to be in the construction industry. Although through divine intervention and travels around the globe, one thing stood out to me time and time again—The beauty of outdoor spaces and what they provide.

Spending time outdoors brought me tranquility and a chance to slow down if only for a moment, an opportunity to be present with the people I was with. This is what we at Midwest Deck are recreating, a synergistic space where man and nature become one. A place, where time moves a little slower, conversations, last a little longer, and the ability to make memories is endless.

Since we don't have the option to buy time, it's up to you to make every second count, so let us at Midwest Deck create something timeless for your outdoor space.

# DECKING

At Midwest Deck, we only choose the best of the best product options for your outdoor living project. If we wouldn't use it on our home then we won't use it on yours. The products we offer have been researched, tested, and continually analyzed by us to be sure they will last the test of time for you and your investment.

## TimberTech®

ADVANCED PVC

Our most realistic wood looks with unparalleled performance

- Limited Lifetime Product and 50-Year Fade & Stain Warranties
- Best choice for fire zones
- Up to 30° cooler to the touch\*
- 40% better traction than competitive products
- With zero organic material, it's highly resistant to moisture damage like mold and mildew
- Made from about 60% recycled material

LEARN MORE

## TimberTech®

COMPOSITE

Composite in a class of its own, with unmatched wood looks

- 30- and 25-Year Product, Fade & Stain Limited Warranties
- Polymer capping & Mold Guard Technology protect against mold and moisture damage
- Made from about 85% recycled material
- Range of price points to suit any budget

LEARN MORE

### Raising the bar for composite decking

Not all composites are created equal. Our range of real wood looks is unmatched, and our protective cap resists moisture and locks in rich color – so your deck will continue to look and perform beautifully without the costly, time-consuming maintenance of wood.

## More reasons to love TimberTech Composite

### Sustainability

Made in the USA from up to 85% recycled material including reclaimed and recycled wood, plastic bags and jugs, and other discarded plastics.

### Low-maintenance durability

Forget sanding, staining, or sealing – an occasional scrub and rinse are all that's needed. Plus, it's made to last and won't split, splinter, or rot.

### Industry-leading warranties

Rest easy knowing your TimberTech Composite deck is protected by 30- and 25-year limited warranties that vary by collection.<sup>1</sup>

## Authentic wood looks you won't find anywhere else

Our proprietary color technology delivers natural color blending and multitoneal options to create a wide range of natural looks and textures that mimic real wood species.

### Wire-Brushed Finish

A subtle, textured finish often used for premium hardwoods.

### Crosscut Grain

Resembles wood that has been cut perpendicular to the grain.

### Hand-Scraped Finish

A highly textured finish, ideal for unique, artisan-inspired wood looks.

### Cathedral Grain

Varying peaks and swirls across the board surface.

### Straight Grain

A linear grain without knots for a simple, traditional wood look.

### Unbeatable moisture resistance

Before

After

#### TimberTech Composite

Our four-sided (even in the grooves) capped composite is made with zero wood fibers for superior moisture resistance.

Before

After

#### Competitive Composite

Without capping on the underside, many composite decking products can absorb moisture, making them prone to mold and other moisture-related issues.

### Unrivaled fade resistance

Before

After

#### TimberTech Composite

Our proprietary four-sided capping also delivers excellent sun resistance – for a beautiful finish that lasts.

Before

After

#### Competitive Composite

Competitor composite is irrevocably faded and chalky. Flecks of wood flour in the cap are visible and may lead to moisture absorption.

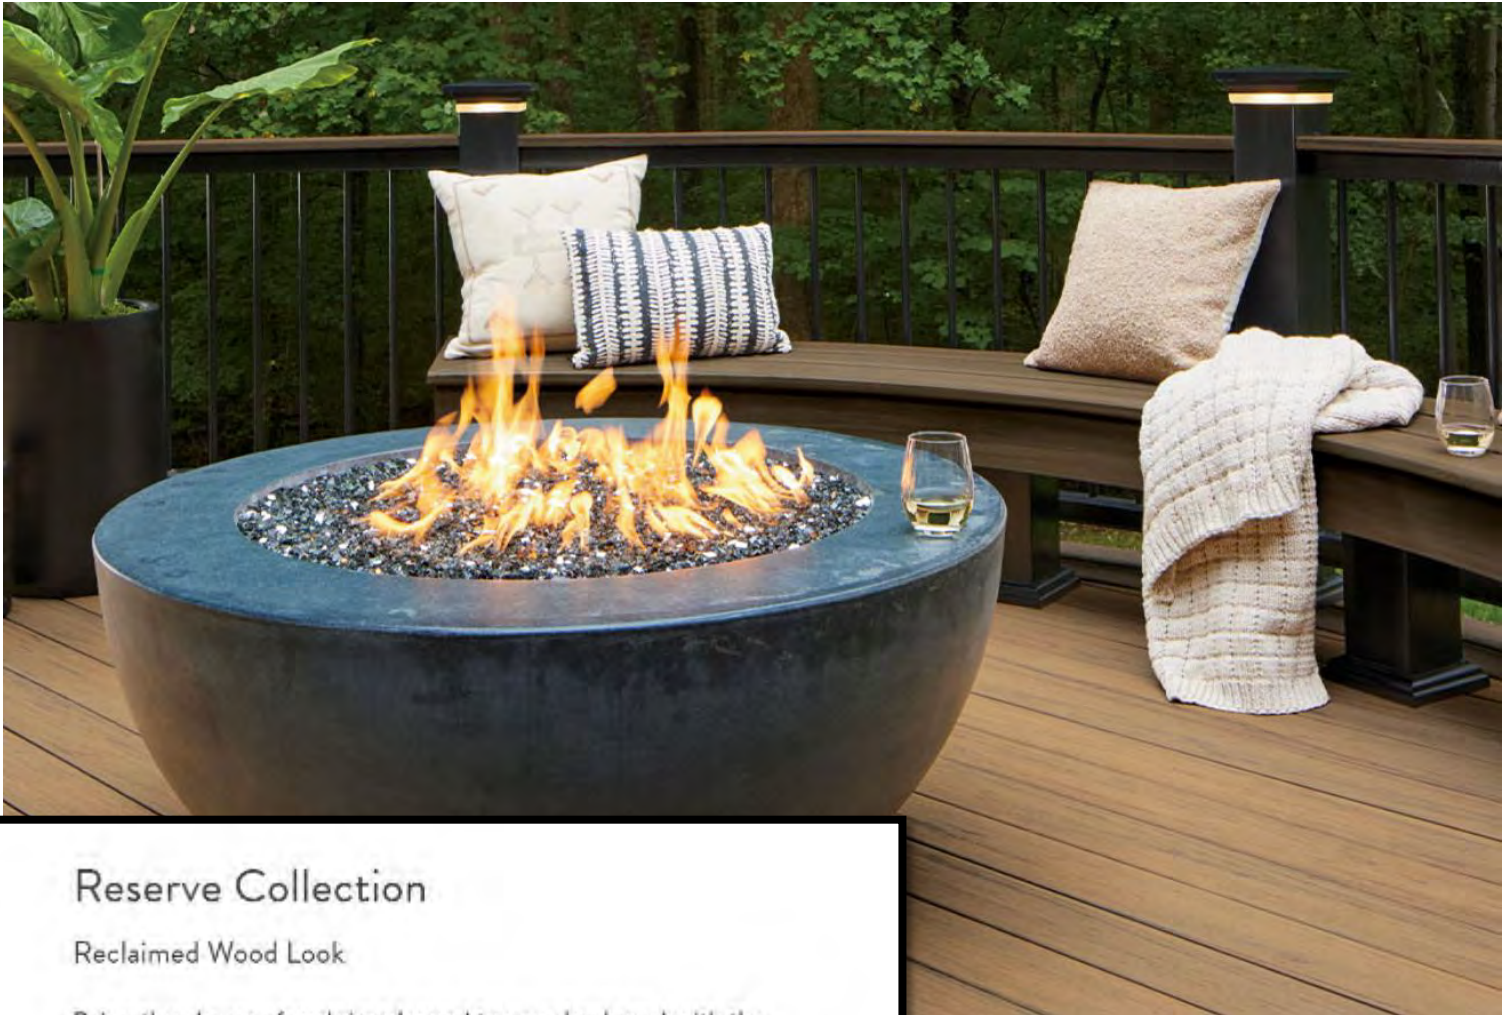

## Legacy Collection

Hand-Scraped Finish

Stand apart from the crowd with the character-rich, artisanal-inspired Legacy Collection. Defined by a textured hand-scraped finish and a complex blend of hues, no two boards in this collection are exactly alike.

## Reserve Collection

### Reclaimed Wood Look

Bring the charm of reclaimed wood to your backyard with the Reserve Collection. This vibrant collection delivers an inviting, rustic aesthetic for an outdoor living space with irresistible appeal.

ANTIQUE LEATHER®

DARK ROAST®

DRIFTWOOD™

RECLAIMED CHESTNUT™

## Terrain+ Collection<sup>TM</sup>

Subtle Wood Grain

With new and improved color blending technology, these boards deliver sophisticated colors with a subtle grain pattern like sanded white oak and walnut for a versatile, natural wood look.

DARK OAK

NATURAL WHITE OAK

WEATHERED OAK

## Terrain Collection®

Rugged Cathedral Grain

Capture a timeless, traditional wood look with the Terrain Collection®. It offers three striking monochromatic colors and two natural colors with subtle variation and a textured grain. Whichever you prefer, these boards deliver a simple, attractive look for your outdoor oasis.

SANDY BIRCH

STONE ASH®

SILVER MAPLE

BROWN OAK

RUSTIC ELM™

A SNRG COMPANY  
WHERE NATURE AND MAN LIVE SYNERGISTICALLY

## Prime+ Collection®

Timeless Wood Grain

Get the simple, traditional wood look you love without the maintenance. The Prime+ Collection® offers inviting color options that are attractive and attainable.

SEA SALT GRAY

COCONUT HUSK®

DARK COCOA

## Prime Collection

Painted Wood

For an opaque stained or painted wood look, opt for the Prime Collection, which features earthy, vivid wood stain colors. The Prime Collection features the same colors as the Premier Collection, but with a scalloped board for a lighter weight, without compromising a secure underfoot feel.

[VIEW DETAILS](#)

## Premier Collection\*

Painted Wood

The Premier Collection features the same colors and aesthetics as the Prime Collection, but with a full-profile board.

\*Product may have limited availability in some geographies. Please check with your local dealer. Use our **Where To Buy** tool to find your local dealer.

MARITIME GRAY™

DARK TEAK™

## Engineered to be enjoyed for a lifetime

TimberTech Advanced PVC is made using proprietary materials technology. The ultra-durable capped polymer decking delivers sophisticated, authentic wood looks without the maintenance of wood. No need to sand, stain, or seal — ever.

### Most sustainable PVC decking

Made from up to 60% recycled material, it's also fully recyclable at the end of its useful life through AZEK's **FULL-CIRCLE Recycling Program**.

### Cool Touch technology

While all decking products will get hot in the sun, many Advanced PVC colors stay up to 30° cooler than many competitive products.

### Friendlier to bare feet

Better for bare feet and paws, Advanced PVC is splinter free and features up to 40% better traction than competitive composite decking.

## Get to know TimberTech Advanced PVC Decking

### What is PVC?

Polyvinyl chloride (PVC) is a highly durable type of plastic, and ours is manufactured without producing toxins or waste. More sustainable than wood, TimberTech Advanced PVC Decking is made from up to 60% recycled material – including waste from other manufacturers, construction sites, and more. Plus, at the end of their very long life, our boards can be recycled again.

### How is it different from composite?

Unlike traditional composite decking, our Advanced PVC is engineered with zero organic material, like wood flour. This makes it highly resistant to moisture damage like mold, mildew, and rot – which is common with wood decking and many composite brands. [Explore the difference.](#)

### What does “Advanced” mean?

Our **innovative, proprietary technology** creates PVC boards that resist scratching, fading, stains, and moisture better than earlier generations – and even other PVC brands – all while delivering rich colors and real wood textures you won't find anywhere else. In comparison, many competitors have an unnatural or plastic-y look.

### Top reasons people choose TimberTech Advanced PVC

Industry-leading warranties  
50-Year Fade & Stain and Limited Lifetime Product Warranties

Fade & stain resistant  
Proprietary protective capping maintains its beautiful, rich color for decades<sup>1</sup>

Top-rated fire resistance  
Ignition Resistant designation, Class A Flame Spread Rating, and/or WUI Compliant<sup>2</sup>

Cool Touch technology  
Advanced PVC Decking stays up to 30° cooler than many competitive products<sup>3</sup>

Friendlier to bare feet  
Splinter free and up to 40% better traction than competitive composite decking

Sustainable  
Made in the USA from approximately 60% recycled material

### Unbeatable moisture resistance

Before After

#### TimberTech Advanced PVC

Made with zero organic material, Advanced PVC shows no mold or moisture damage.

Before After

#### Competitive Composite

Without capping on the underside, many composite decking products can absorb moisture, making them prone to mold and other moisture-related issues.

### Unrivaled fade resistance

Before After

#### TimberTech Advanced PVC

Fade-resistant Advanced PVC shows no noticeable loss of its rich, beautiful color.

Before After

#### Competitive Composite

Competitor composite is irrevocably faded and chalky. Flecks of wood flour in the cap are visible and may lead to moisture absorption.

## Vintage Collection<sup>®</sup>

Exotic Hardwoods

Capture a high-end, sophisticated look with the Vintage Collection. Choose from rich colors that replicate the sought-after looks of premium hardwoods such as ipe, mahogany, and teak.

WEATHERED TEAK<sup>®</sup>

- Dumpster for the duration of the project

## PERMITTING

- MWD works with your city, county, or township to make sure we pass every inspection and get it permitted the first time.

## DEMOLITION

- Demo of existing structure (does not include excessive concrete removal)

# MIDWEST EXTRAS/ADDITIONS

## OVERVIEW

We offer a variety of extras to add style or highlight your outdoor living project.

## LIGHTS

- Post Cap Light
- Riser Light
- Accent Light

## INLAY

- Many customers find images online where a deck has a design in the center of it, usually an opposing color.
- Custom logos or designs are available as well, ask your salesman for details

## PERGOLA

- Pergolas are a fantastic way to add style and luxury to your outdoor living project.
- They can be as simple or complex as you desire
- Consider adding shade coverings or drapery

## GATE

- If dogs or children are going to have access to your new deck, consider a gate system to keep your loved ones safe.

## DRYSPACE

- If you would like to take advantage of the space under your deck, consider a dry below system.

# AFFILIATES
